## **I. General**

This List of Conditions provides information about the most important conditions of Deutsche Bank AG Hungary Branch in the corporate banking business. For services not explicitly listed, Deutsche Bank AG Hungary Branch reserves the right to charge an appropriate fee, which - if no agreement over the amount has been made - it deems fair. The Client shall pay all out-of-pocket expenses in accordance with clause 13(7) of the Bank's General Business Conditions. Fees listed in the List of Conditions are net of VAT. Our transaction fees in general are booked on the date of execution, separately from the transferred amount, charging the account specified by the transfer order as the account to be debited. The external charges to be paid by our customers are charged subsequently. If the customer has a separate charge account, then (in the absence of a different agreement) the transaction fees shall be charged to that charge account. If the currency of the transaction fee and the charge account are different, the fee shall be converted by applying the FX mid-rate of the National Bank of Hungary (NBH) and the FX mid-rate of the Bank in case of Guarantees and Documentary Business. The Bank provides the information required by Act CXVI of 2012 on financial transaction duty aggregated on a yearly basis, in the form of an attachment to the official account statement.

Deutsche Bank AG Hungary Branch is prepared to maintain accounts for corporates based on electronic banking primarily, exceptions are granted by the Bank in its own discretion. Paper-based transactions will be accepted in exceptional cases and for contingency purposes only.

For transactions requiring special services, we further reserve the right to charge increased fees.

Account relationships are based on Deutsche Bank AG Hungary Branch's General Business Conditions, as amended from time to time.

This List of Conditions is subject to withdrawal or amendment at any time in accordance with the General Business Conditions. With the effective date of the new version, the previous version of the List of Conditions shall not be effective.

Chapter III. (regarding unit based pricing/Billing) shall only apply if specifically agreed upon by the Client and the Bank in writing.

### **Foreign Exchange Conversions**

In case of outgoing transactions requiring conversion, Deutsche Bank AG Hungary Branch applies its own sell FX rate of the transaction's currency against the currency of the account to be debited, whereas in case of incoming transactions it applies its own buy FX rate of the transaction's currency against the currency of the account to be credited. In case of cash desk services, Deutsche Bank AG Hungary Branch applies its own buy and sell rates fixed for bank notes. Deutsche Bank AG Hungary Branch publishes its daily fixing rates on our Bank's homepage ([www.db.com/hungary](http://www.db.com/hungary)) and the rates are also available via its electronic banking system (db-direct internet).

In case of a transaction that require conversion, Deutsche Bank AG Hungary Branch uses the following procedure:

1. If the currency of the instruction, or the currency of the account to be debited/credit is HUF.
  - 1.1. Deutsche Bank AG Hungary Branch will apply the FX ask rate of the currency of the instruction against the currency of the account to be debited. In case of incoming transfers, the FX bid rate of the currency of the transfer against the currency of the account to be credited, will be applied.
2. Where neither the currency of the instruction, nor the currency of the account to be debited/credit is HUF.

As Deutsche Bank AG Hungary Branch does not quote cross-rates between non-HUF currencies, in case of such instructions, the conversion will be made via HUF, meaning:

  - 2.1. In case of outgoing transfers, for the calculation of the FX rate of the instruction, the FX ask rate of the currency of the instruction against HUF and the FX bid rate of the currency of the account to be debited against HUF will be used
  - 2.2. In case of incoming transfers, for the calculation of the FX rate of the instruction, the FX bid rate of the currency of the instruction against HUF and the FX ask rate of the currency of the account to be credited against HUF will be used
  - 2.3. For transfers between accounts, held with Deutsche Bank AG Hungary Branch, for the calculation of the FX rate of the instruction, the FX bid rate of the currency of the account to be debited against HUF and the FX ask rate of the currency of the account to be credited against HUF will be used

Payment orders up to EUR 250,000 (or equivalent) requiring foreign exchange conversion will be converted (provided submitted on a properly completed payment order form)

- at the Bank's fixing rate nr. 1, if arrived at the Bank between 09:00 a.m. and 11:00 a.m.,
- at the Bank's fixing rate nr. 2, if arrived at the Bank between 11:00 a.m. and 1:00 p.m.,
- at the Bank's fixing rate nr. 3, if arrived at the Bank between 1:00 p.m. and 3:00 p.m.,

- at the Bank's fixing rate nr. 5, if arrived at the Bank between 4:45 pm and 9:00 a.m. CET on the following bank working day.

For payment orders requiring FX conversion over the limit of EUR 250,000 (or equivalent) special exchange rate shall be applied. The specific exchange rate shall be calculated as the sum of the prevailing FX market exchange rate and the margin of the Bank. Since payment orders accepted by the Bank cannot be withdrawn as per §38(1) Pft, we strongly recommend our clients to enter into an FX spot framework agreement with our Bank, by which means the specific exchange rate applicable to outgoing payment orders reaching or exceeding EUR 250,000 (or equivalent) can be pre-negotiated with our foreign exchange sales department.

In case of conversion related to Instant Payment Credit, the latest fixing rate published before the time of receipt is applicable.

Instant Payment Credit shall mean all HUF payment instruction that meet the criteria set out in MNB Decree 35/2017. (XII.14.) and in the General Business Conditions for Payment Services of the Bank.

### **Costs and Fees**

In case of international transactions, the payer and the beneficiary can share the transactional costs between themselves in different ways:

- "BEN" (beneficiary) type of cost sharing: all charges related to the transaction shall be borne by the beneficiary. In case of international payments within EU/EEA area – in line with the prevailing payment services regulations – Deutsche Bank AG Hungary Branch will automatically change all charge codes "BEN" into charge code "SHA".
- "OUR" (our) type of cost sharing: all charges related to the transaction shall be borne by the payer (ordering customer). The 'Guaranteed "OUR" surcharge' covers all transfer costs charged by any other bank (correspondent and beneficiary) that participates in the transaction. If, the payment is issued with charge code "OUR", Deutsche Bank AG Hungary Branch will charge the additional fee of "GOUR" in every case.
- "SHA" (shared) type of cost sharing: the ordering party and the beneficiary shall share the costs; i.e. the charges of the sending bank shall be borne by the ordering party, whereas the charges of any other bank (correspondent and beneficiary) that participates in the transaction shall be borne by the beneficiary.

The ordering party has the option to choose the desired cost sharing at the time of the initiation of the transfer. In the absence of a different order from the ordering party, the default type of cost sharing is „SHA". The correspondent banking costs related to international transactions are different from bank to bank and from destination to destination. For further information please turn to your account manager.

In case of payment instructions within the EEA and, if both the payer's and the beneficiary's service provider are located within the EEA, or the payment service provider's registered seat which is involved into the execution of the payment is located within the EEA, payer and beneficiary shall only bear the cost, fee or any other charge of its own service provider.

A Payment within EU/EEA shall mean an international payment in the execution of which both, the payer's and beneficiary's service provider, or the only executing payment service provider, are located within the EU/EEA area. EU/EEA area means the member states of the European Union and Norway, Iceland and Liechtenstein.

Please kindly note that in case an international payment order is submitted in USD, the correspondent bank may change 'OUR' charge code into 'SHA' or 'BEN' unilaterally.

In order to ensure equivalence of fees of corresponding payments according to Section 3(1) of REGULATION (EC) No 924/2009 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL on cross-border payments in the Community and repealing Regulation (EC) No 2560/2001, our fees denominated in HUF and EUR have been harmonized on the basis of the mid foreign exchange rate quoted by the Central Bank of Hungary effective on 2 December 2019, and corrections due to future changes of the foreign exchange rate will be performed on a yearly basis.

Please always provide correspondent banking data if amount of the cross-border payment exceeds USD 500,000, or EUR 500,000 or countervalue in foreign currency. Without correspondent banking data execution of the payment might be delayed. Payment transfer orders via email exceeding EUR 50,000, (or the equivalent of EUR 50,000 in any other currency) shall be confirmed through phone prior to the execution. For further details please refer to the account agreement.

### **Sanctions Screening**

Due to performing of screening procedures based on regulations on restrictive measures relating to certain persons and entities, in particular the EU Council Regulation 2580/2001/EK, execution deadlines specified in this List of Conditions in case of certain transactions might eventually be exceeded.

Due to the monitoring and investigation process required by the Commission Delegated Regulation 2018/389 (EU) for the benefit of the Customer in order to detect unauthorized or fraudulent payment transactions, execution deadlines specified in this List of Conditions may in case of certain transactions be eventually exceeded, or certain payment orders may be rejected by the Bank.
